

Participant Information

What will I do on camp?

Every camp is different from the last! Some things that can happen on camp include:

- Excursions to the beach, laser tag, zoos and swimming pools
- Craft, painting and building projects
- Flags, sports and running games
- Singing, dancing and drama
- Baking and cooking sessions
- Water games and epic water fights
- Campfires and s'mores

Do I have to join in every activity?

We love when campers join in on all the fun, but if a certain game or activity isn't for you that's ok! You'll always be welcome to tell us how you feel and if you'd like a break.

We're so excited to meet you! Kaleido
Camps are all about fun, friends, and
feeling safe to be yourself.

Who will be on camp?

When you come to camp, you'll be paired with an awesome leader who'll cheer you on, join every activity, and help make camp amazing! Camps are filled with enthusiastic leaders and plenty of young people aged 8-12.

What if I don't know anyone?

That's completely okay! You'll have your big buddy to stick with so you feel supported. Our leaders will be right there to help you meet others and make sure you feel comfortable. Each pair of buddies will be sorted into a colour team for the week and join in activities together!

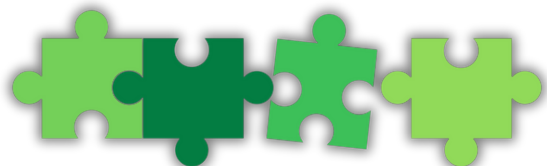

Who are the volunteer leaders?

Leaders are selected by JCP and come from all across the state with various backgrounds. All volunteers are subject to organisational screening and undertake training modules to help them best support our participants. Leaders are paired 1:1 with a child as well as an additional staff presence.

Financial Contribution

JCP will support families to send their child on a Kaleido Camp. As there is no financial contribution required of families, placements are limited and subject to internal review.

Referrers and families Information

Transport

Transport support may be available for young people who are unable to make their own way to and from the program. When this is required, JCP staff arrange designated pick-up points where buses collect participants and transport them to the camp site.

I've completed a referral, now what?

All referrals are subject to review. We will endeavour to offer as many places on camp as practicable, however acceptance to the program is not guaranteed. You will be notified of the outcome of your application in a timely manner.

I have a question!

Program Goals

- JCP Kaleido Camps provide at-risk young people with opportunities and mentorship they may not otherwise have access to.
- By understanding a child's experiences early on and surrounding them with the right support, we help set them up for positive pathways in learning, wellbeing and belonging.
- Our camps give children a safe, fun and predictable place to be during school holidays, especially when home life feels unsettled. This helps them return to school feeling steady, supported and ready to learn.

FACT SHEET

What are camps?

JCP Kaleido Camps are holiday programs designed for Tasmanian children aged 8-12. These programs provide meaningful experiences, mentorship, and foster resilience and growth.

Children are paired on a 1:1 model with leaders. These volunteers demonstrate immense leadership potential and donate their time to the organisation in the interest of making a positive impact on those around them. Throughout the duration of programs, these pairs undertake an array of carefully curated activities designed to facilitate connection, growth, build resilience, and have fun!

Who are the children involved?

Eligibility for Kaleido Camps is based upon a child's limited access to similar services, adverse life experiences and their benefit from respite-based care and positive role modelling. Children are referred to our services on the basis their involvement with Kaleido will improve transitional periods between school terms and holidays improving educational outcomes.
